PHOTOTECHLABS DIGITAL PRINTING SERVICES

Our Digital printing prices are divided in 2 categories:

First Category: we print them as we receive them.

The Second Category: Files are color balanced by the lab.

Print Ready Category:

Print Ready: We print the files as we receive them. You assign all the printing information, and color correct files, you will get a good result if you prepared your files with a monitor that has been calibrated, or if you want to print your files without any corrections and use the prints for proof print purpose only, not the final print. Each print is backprinted with the image number along with the copy right and studio information. Professional Luster or Glossy paper, or Kodak Endura.

Second Category

Files are Individually Color And Density Balanced By Us. This category will provide a professionally printed photograph, All images printed on Traditional Photographic Archival Paper, And Developed With Photographic Liquid Chemistry, with borders (Custom border styles include: bleed, white, sloppy and keyline) available for a fee, or borderless.

Images are back printed with the proper frame number day month and year. Custom back printed (Studio name, Phone number any other information) is available at request. Add 1.50 for Cropping. Add 3.00 for text, Special Manipulation (Precise Color Match, Dodging or Burning etc.) to Match your Original add \$7.95 flat fee.

Other special print applications you may need or any other **Photo Editing Project** not listed here, call for quote.

Professional Digital Print Prices

We produce the most Outstanding Color Saturated with accurate flesh tones prints. Each print is backprinted with the image number along with the copy right and studio information. Professional Luster, Glossy paper, or Kodak Endura Metallic also available.
